AVEVA™ Consulting Services

To support our customers in their digital transformation and explore the art of the possible, AVEVA Consulting Services has been created to provide customers and partners with consulting support across their solutions' lifecycles. The consulting will involve a comprehensive set of advisory engagements that customers or partners can leverage as they progress through their digital transformation journey with the AVEVA portfolio of products. The consulting services are provided for both cross-portfolio solutions as well as individual products.

Where to start? Where to go?

Key benefits

On-demand expertise

We provide expert consulting, and experts on-demand experts to assist with both short-term issues and long-term strategic projects.

Easy to purchase, rapid results

Consulting engagements are fixed-scope, fixed-fee services, offering the flexibility to consult a variety of subject matter experts tailored to your specific needs.

Budget-friendly, time-sensitive

Get the support you need to meet project timelines while staying within budget.

De-risk projects

Incorporate best practices into new projects and implement enhancements to application architecture to manage risk while ensuring predictable outcomes. Get support to prepare for commissioning. Go live with new applications confidently, knowing you have experts on standby ready to support you.

Operate and maintain effectively

Develop in-house skills with tailored and personalized guidance from in-house AVEVA experts.

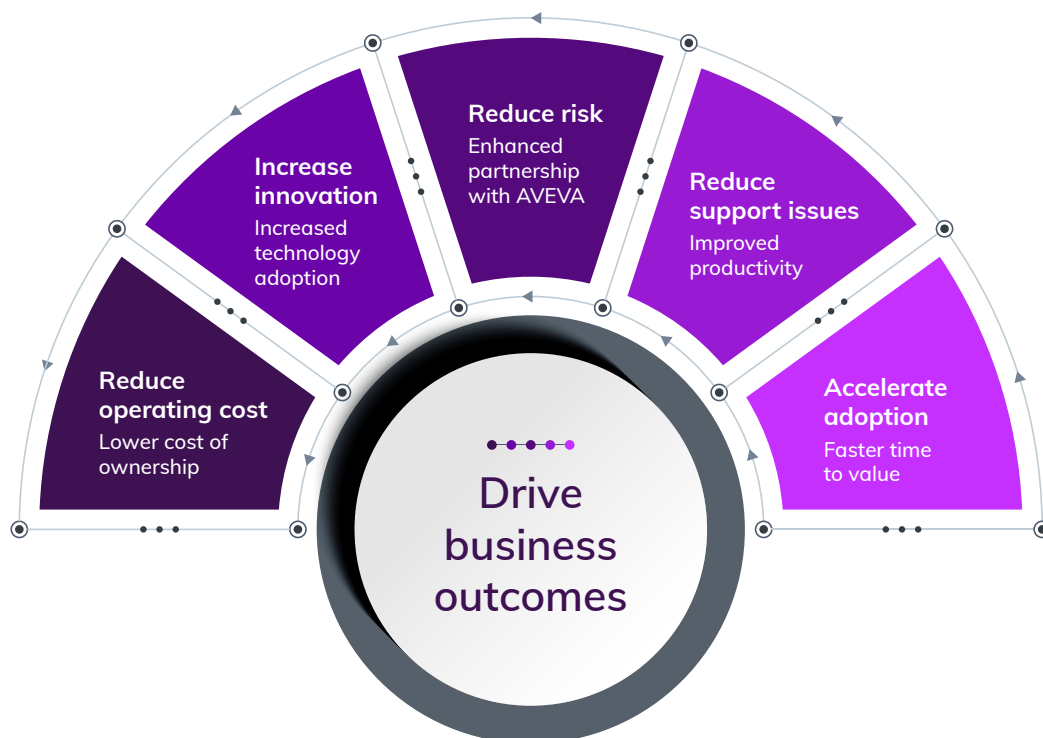

Optimize and evolve your business

Maximize the value of your investment in AVEVA technology stack by exploring new use cases, driving innovation, and transforming your business to meet changing market demands and evolving business challenges.

Our commitment to your success

Your business outcomes - achieved

- Local delivery, global capabilities
- A proactive approach
- Adapt and scale on your terms

Program details

Offered in a recurring engagement model, AVEVA Consulting Services give customers and partners flexibility to engage AVEVA consultants in a variety of need-based consulting engagements. AVEVA will ensure a consultant with the right skill set and expertise is available to support you. The consulting engagements will be advisory in nature, and engaged AVEVA consultants will guide you through the solution and product adoption journey.

AVEVA Consulting Services are offered in three different tiers:

Starter

5200 Consulting Points of active consulting involvement per year.

Advanced

9200 Consulting Points of active consulting involvement per year.

Platinum

13000 Consulting Points of active consulting involvement per year.

A typical Consulting Activity will consume about **900 -1800** Consulting Points.
Top-up: **1400** Consulting Points of active consulting involvement within the contract term.
