Value Drivers

- Full Web HMI SCADA functionality for distributed mobile workers enabling access ubiquitous on any device!
- Legendary ease of use – seamlessly build custom reports in minutes using AVEVA Reports. AVEVA Reports is a production, operational and compliance reporting solution that is programming and scripting free.
- Versatility and Extensibility. New web widgets including QR Code Scanner Web Widget empowers workers use their mobile phone or tablet to scan code and bring up an HMI display or faceplate, work instruction or any other contextual information.
- InTouch Web Client lowers I.T. Total Cost Ownership. Does not require server class operating system. (platform independent)
- Shared via the Cloud! New Industrial Graphics library drives standardization and re-use across on-premise, cloud and mobile applications. Moreover, they work across all of AVEVA's HMI SCADA offers including AVEVA Insight.
- Local and Global Partner Support. AVEVA is committed to being your long-term automation partner, backed by a world-class global network of technical support personnel, distributors, system integrators and VAR/OEMs, ready to assist you in every corner of the world.
