Our pledge to drive the sustainable industries of the future

Our approach

Operational Footprint

- Set a science-based emission reduction target aligned with the SBTi’s target-setting criteria
- Achieve net-zero emissions across our operations (Scopes 1 and 2*) by 2030
- Announce our pledge to drive greater representation of women in management roles

Inclusive Culture

- Increasing our employee diversity, ensuring all our colleagues feel a sense of belonging
- Promoting a globally inclusive culture for our people and communities around the world
- Pushing for additional representation of women in AVEVA’s leadership and management roles

Technology Handprint

- Transforming the energy industry with innovative solutions
- Enabling a culture of efficiency, circularity, traceability and resilience
- Supporting an inclusive and sustainable future for our people, our customers and our communities

Pledging to support sustainability

We are pleased to be formalizing the first of our sustainability ambitions and specific goals. We are continuing to formalize our sustainability pledges across other focus areas as well as new projects and initiatives.

Specifically, we commit to:

- A 50% women hires by 2030
- A 40% management roles held by women by 2030
- A 30% leadership roles held by women by 2030
