Notwithstanding the foregoing, the limitations on amounts of damages set forth in this Section 8.2 shall not apply to AVEVA's intentional misconduct, fraud, or fraudulent misrepresentation, or to the extent prohibited by applicable law.

9. INDEMNIFICATION.

- 9.1. Indemnification by AVEVA. This obligation of AVEVA shall not apply if the alleged infringement or misappropriation results from: (a) use of the Products in conjunction or combination with any other software, services, or any product, data, item, or apparatus that AVEVA did not provide to Customer (including any third-party services or Third-Party Products); (b) anything Customer provides or designs including configurations, instructions, or specifications (including any Products that were provided pursuant to Customer's designs, drawings, or specifications); (c) a modification of a Product other than with AVEVA's prior written consent; (d) Customer's failure to use the latest release or version of a Product (including any corrections or enhancements) where such use would have prevented the infringement or misappropriation claim; or (e) any use, storage, distribution, reproduction, or maintenance not permitted by the Agreement. If AVEVA believes, in its reasonable opinion, that a claim under this Section 9.1 could or is likely to be made, AVEVA may cease to offer or deliver such Products without being in breach of the Agreement.
- 9.2. Infringement Remedies. In the event a claim under Section 9.1 is made and such Product is held to infringe a third-party's patent or copyright, or misappropriate a trade secret, then AVEVA may, at its sole option and expense: (a) procure for Customer the right to continue using the Product under the terms of the Agreement or (b) replace or modify the Product to be non-infringing without a material decrease in functionality. If these options are not reasonably available, AVEVA or Customer may terminate the Agreement upon written notice to the other and Customer shall immediately cease using or shall return the infringing Product. The foregoing shall apply regardless of whether such damage is caused by the conduct of Customer and/or its named users or by the conduct of a third party using Customer's access credentials.
- 9.4. Indemnification Requirements. The indemnification obligations under this Section 9 are conditioned on: (a) the Party against whom a third-party claim is brought timely notifying the other Party in writing of any such claim, provided however that a Party's failure to provide or delay in providing such notice shall not relieve a Party of its obligations under this Section 9 except to the extent such failure or delay prejudices the defense; (b) the Party who is obligated to defend a claim having the right to fully control the defense of such claim; (c) the Party against whom a third-party claim is brought reasonably cooperating in the defense of such claim; and (d) Customer complying with AVEVA's direction to cease any use of the Products which in AVEVA's reasonable opinion, is likely to constitute an infringement or misappropriation.

Any settlement of any claim shall not include a financial or specific performance obligation on or admission of liability by the Party against whom the claim is brought, provided however that AVEVA may settle any claim on a basis requiring AVEVA to substitute for the Products any alternative substantially equivalent non-infringing products. AVEVA shall not be responsible for any settlement made without its consent. The Party against whom a third-party claim is brought may appear, at its own expense, through counsel reasonably acceptable to the Party obligated to defend claims. Neither Party shall undertake any action in response to any infringement or misappropriation, or alleged infringement or misappropriation that is prejudicial to the other Party's rights.

10. TERM AND TERMINATION.

- 10.1. Term of GTCs. The term of these GTCs begins on the Effective Date and shall continue thereafter for the duration of the term of any Transaction Document entered into between the Parties ("**Term**").
- 10.2. Transaction Document Term. Either Party may terminate these GTCs or a Transaction Document for cause if the other Party commits a material breach of the GTCs or Transaction Document (including, without limitation, a delay in Customer's payment of any money due under these GTCs or any Transaction Document) and fails to cure such breach within thirty (30) days (or with respect to Customer's payment failure, within ten (10) days) of receipt of a notice of default from the non-defaulting Party. Termination will not relieve Customer of its obligations specified in Section 10.5 and will not entitle Customer to a refund of any license fees (or any applicable Software support fees) previously paid.
- 10.4. Termination for Financial Deterioration. Either Party may terminate these GTCs or a Transaction Document immediately if the other Party files for bankruptcy, ceases or threatens to cease carrying on business, becomes insolvent, or makes an appointment, assignment or novation for the benefit of creditors.
- 10.5. Effect of Termination. If these GTCs are terminated prior to the completion of one (1) or more Transaction Documents, then the Transaction Documents that are not terminated shall continue to be governed by the GTCs for the remainder of the applicable TD Term. Upon termination of these GTCs or any Transaction Document, Customer will cease using the applicable Software, will delete the Software, including the license file(s), from its computer and will either return to AVEVA or destroy the Software, including the license file(s), Documentation, packaging and all copies thereof. If Customer elects to destroy the Software then Licensee will certify in writing to AVEVA the destruction of the Software. Termination of these GTCs or any Transaction Document and return or destruction of the Software will not limit either party from pursuing other remedies available to it, including injunctive relief, nor will such termination relieve Customer's obligation to pay all fees and expenses that have accrued or are otherwise owed by Customer under these GTCs or a Transaction Document, and/or any purchase order from Customer that has been received and accepted by AVEVA.

11. INSURANCE.

For as long as any Transaction Document remains in effect, AVEVA will maintain, at its sole cost and expense, comprehensive general liability and property damage insurance in an amount not less than \$1 million in the aggregate. Additionally, AVEVA will maintain, at its sole cost and expense, workers' compensation insurance in accordance with statutory requirements.

12. THIRD-PARTY PRODUCTS.

13. MISCELLANEOUS.

- 13.1. Assignment. The Agreement shall extend to and be binding upon the Parties to the Agreement, their successors, and assigns, provided, however, that neither Party shall assign or transfer the Agreement without the other Party’s prior written consent, which shall not be unreasonably withheld, delayed or conditioned. Notwithstanding the foregoing limitation, AVEVA may assign or transfer the Agreement, in whole or in part, without obtaining the consent of Customer, to a parent company or subsidiary or in connection with the transfer or sale of its entire business or sale of all or substantially all of its assets, or in the event of a merger, divestiture, internal reorganization or consolidation with another company.
- 13.2. Independent Contractor. AVEVA is an independent contractor, and each Party agrees that no partnership, joint venture, agency, fiduciary, or employment relationship exists between the Parties.
- 13.3. Force Majeure. Except for Customer’s payment obligations, neither Party shall be liable for delays caused by conditions beyond their reasonable control, (“**Force Majeure**”), provided that notice thereof is given to the other Party as soon as practicable. All such Force Majeure conditions preventing performance shall entitle the Party hindered in the performance of its obligations under the Agreement to an extension of the date of delivery of the Products by a period of time equal to the period of delay incurred as a result of the Force Majeure or to any other period as the Parties may agree in writing.
- 13.4. Waiver. The waiver (whether express or implied) by either Party of a breach or default of any of the provisions of the Agreement (including any Transaction Document) by the other Party shall not be construed as a waiver of any succeeding breach of the same or other provisions nor shall any delay or omission on the part of either Party to exercise or avail itself of any right power or privilege that it has or may have hereunder operate as a waiver of any breach or default by the other Party.
- 13.5. Notices. All notices and other communications required or permitted under the Agreement will be in writing and delivered by confirmed transmission, by courier or overnight delivery service with written verification of receipt, or by registered or certified mail, return receipt requested, postage prepaid, and in each instance, will be deemed given upon receipt. The Parties hereby agree to attempt to substitute for any invalid or unenforceable provision a valid or enforceable provision which achieves to the greatest extent possible the economic, legal and commercial objectives of the invalid or unenforceable provision.
- 13.7. Negotiated Terms. The Parties agree that the terms and conditions of the Agreement are the result of negotiations between the Parties and that the Agreement shall not be construed in favor of or against either Party by reason of the extent to which such Party or its professional advisors participated in the preparation of the Agreement.
- 13.8. Survival of Provisions. The provisions of the Agreement that by their nature survive expiration or

termination of the Agreement will survive expiration or termination of the Agreement, including, but not limited to, the following Sections of these GTCs: 3 (Payments and Invoicing), 4 (Intellectual Property Rights), 5 (Confidentiality), 7 (Disclaimer of Warranties), 8 (Limitation of Liability), 9.3 (Indemnification by Customer), 10 (Term and Termination), 12 (Third-Party Products), 14 (Miscellaneous), and Exhibit A (Definitions).

The validity of the Agreement and the rights, obligations and relations of the Parties under the Agreement and in any dispute between them will be construed and determined under and in accordance with the substantive laws of the State of Texas, without regard to such state's principles of conflicts of law. If a court must enter or enforce an arbitration award, if a party applies solely for preliminary or injunctive relief, or if the binding arbitration provision set forth in Section 14.12 (Binding Arbitration) is deemed invalid or ineffective, then each Party irrevocably agrees to submit to the exclusive jurisdiction of (and waives any objection to the venue of) the federal or state courts located in Harris County, Texas to enter or enforce such award, to determine such preliminary or injunctive relief, or to determine such claim or matter arising out of or in connection with this Agreement, as applicable. To the extent otherwise applicable, the Parties hereto agree that the United Nations Convention on the International Sale of Goods will not apply to this Agreement.
- 13.10. Export Restrictions. Furthermore, no member, employee, director or officer of Customer or, as far as Customer is aware, any person acting on its behalf, is in violation of Sanctions Laws or designated on a UN, EU, US, UK or other applicable sanctions list (a "**Restricted Person**") or controlled (directly or indirectly) by a Restricted Person.
- 13.12. Binding Arbitration. Any controversy or claim arising out of or relating to the Agreement, including any breach of the Agreement, shall be determined by final and binding arbitration administered by JAMS under its Streamlined Arbitration Rules and Procedures ("**Streamlined Rules**"). The award rendered by the arbitrator shall be final, non-reviewable, and non-appealable and binding on the Parties and may be entered and enforced in any court having jurisdiction. There shall be one arbitrator agreed to by the Parties within twenty (20) days of receipt by the respondent of the request for arbitration or in default thereof appointed by JAMS in accordance with the Streamlined Rules, which arbitrator shall have substantial experience in resolving business disputes involving similar products. The place of arbitration shall be Harris County, Texas. The arbitrator will have no authority to award punitive, consequential, liquidated, or other damages waived, disclaimed, or otherwise prohibited by the Agreement and the award shall not exceed the applicable limitation of liability set forth in the Agreement. Neither Party has the right to act as a class representative or participate as a member of a class with respect to any

arbitrated controversy or claim arising out of or relating to the Agreement (including any breach of the Agreement).

- 13.13. Waiver of Jury Trial. Each Party waives, to the fullest extent permitted by applicable law, any right it may have to a trial by jury in respect of any proceedings relating to the Agreement or any performance or failure to perform of any obligation under the Agreement.
- 13.14. Waiver of Right to Class Action. Each Party waives, to the fullest extent permitted by applicable law, any right it may have to participate in a class action in respect of any proceedings relating to the Agreement or any performance or failure to perform of any obligation under the Agreement. Each Party may only bring a claim against the other in an individual capacity and not as a plaintiff or class member in any purported class or representative proceeding.
- 13.15. Ethical Trading Policy. Customer shall comply with AVEVA's then-current ethical trading policy located at www.aveva.com/policies/ethical/en, which shall be incorporated herein by reference.

- 5.1 Per Server/Concurrent Use Basis. If the Software has been licensed on a Per Server/Concurrent Use basis, then the following additional terms and conditions shall apply:

(a) If Customer has licensed the Software on a Per Server/Concurrent Use basis, then the Software may be installed on a single Server that will be the designated Device under the Agreement, and the maximum number of Devices that may access or utilize the services of the Server Software at a given point in time is limited by the number of concurrent sessions specified in the License File. The services of the Server Software are considered to be accessed or utilized when there is a direct or indirect connection between a Device and the Server Software running on the Server (regardless whether the Server Software is accessed or utilized using the Device Software, Third-Party Products or an application developed by Customer). For the avoidance of doubt, one Device will require multiple concurrent sessions (and corresponding licenses) if the Device accesses or utilizes, directly or indirectly, concurrent sessions of the services of the Server Software.

- 5.2 Per Device Use Basis. If the Server Software has been licensed on a Per Device Use basis, then the following additional terms and conditions shall apply:

(a) If the Server Software is licensed on a Per Device Use basis, then a separate CAL must be purchased for each specific Device that accesses or utilizes Server Software (which may access or utilize the services of the Server Software on any number of Servers running the Server Software) and each Per Device CAL must be dedicated to a single Device. For the avoidance of doubt, one Device will require multiple CALs if the Device accesses or utilizes, directly or indirectly, concurrent sessions of the Server Software.

- 5.3 Per Named User Basis. If the Server Software has been licensed on a Per Named User basis, then the following additional terms and conditions shall apply:

- (a) If the Server Software is licensed on a Per Named User basis, then the allocation and identification of the individual Named User must be maintained by Customer on file at Customer's location for a minimum of thirty (30) days before the allocation and identification of the Named User can be moved or transferred to a different, separate and unique individual. The identified Named User may activate only one instance of the services of a Server from any Device at any location at any given point in time with each Named User CAL purchased. Multiple simultaneous instance activations of the services of a Server by a Named User requires an equal multiple number of Named User CALs.
 - (b) CALs authorize access or use of only the specific Server Software associated with such CAL.
- 5.4 **Per Server Use Basis.** If the Server Software has been licensed on a Per Server Use basis, then the following additional terms and conditions shall apply:
- (a) If the Server Software is licensed on a Per Server Use basis, then the maximum number of Devices that may access or utilize the services of the Server Software at a given point in time is equal to the number of Device CALs that have been purchased and designated for use for each Device with that Server. For the avoidance of doubt, one Device will require multiple CALs if the Device accesses or utilizes, directly or indirectly, concurrent sessions of the services of the Server Software. CALs authorize access or use of only the specific Server Software associated with such CAL. If any Software is licensed on a Per Server Use basis, and accesses any database or data source, then Customer must purchase the required access license for each database or data source accessed. Failure of Customer to purchase the required database or data source license is a material breach of the Agreement.
- 5.5 **Per Processor Use Basis.** If the Server Software has been licensed on a Per Processor Use basis, then the following additional terms and conditions shall apply:
- (a) If the Server Software is licensed on a Per Processor Use basis, then for each processor residing on the Server, a separate Per Processor use license must be purchased. A Per Processor license will allow an unlimited number of Devices to access the services of the Server running the Server Software as long as a Per Processor license has been purchased, pursuant to the Transaction Document, License File, or License Certificate, for each processor running on the Server.
- 5.6 **Per Session Count Use Basis.** If the Software has been licensed on a Per Session Count Use basis, then the following additional terms and conditions shall apply:
- (a) If the Software is licensed on a Per Session Count Use basis, then the maximum number of Devices that may access or utilize the services of the Server Software at a given point in time is limited by the number of Sessions specified in the License File. For the avoidance of doubt, one Device will require multiple sessions (and corresponding licenses) if the Device accesses or utilizes, directly or indirectly, concurrent sessions of the services of the Server Software.
- 5.7 **Per Core Use Basis.** If the Server Software has been licensed on a Per Core Use basis, then the following additional terms and conditions shall apply:
- (a) If the Server Software is licensed on a Per Core Use basis, then for each processor residing on the Server, a separate Per Core use license must be purchased. A Per Core license will allow an unlimited number of Devices to access the services of the Server running the Server Software as long as a Per Core license has been purchased, pursuant to the Transaction Document, License File, or License Certificate, for each core running on the Server.
- 5.8 **Runtime Report Basis.** If the Software has been licensed on a Runtime Report basis, then the following additional terms and conditions shall apply:
- (a) If the Software is licensed on a Runtime Report basis, the maximum number of Runtime Reports utilized by Customer per Server is limited to the Runtime Report count for the Software as specified in the License File, Transaction Document or License Certificate.

- 5.9 Single Facility/Single Device Basis. If the Software has been licensed on a Single Facility/Single Device basis, then the following additional terms and condition apply:
- (a) If the Software is licensed on a Single Facility/Single Device basis, then the Software may only be installed and used on a single Device, which Device must be located at the Facility specified in the applicable Transaction Document. The Single Facility/Single Device license may be subject to further restrictions as set forth in the applicable Transaction Document.
- 5.10 Enterprise License. If the Software has been licensed on an Enterprise License basis, then the following additional terms and conditions shall apply:
- (a) If the Software is licensed on an Enterprise License basis, the duration, scope and pricing of such Enterprise License will be determined on a case-by-case basis. An Enterprise License is granted upon Customer's receipt of a written authorization for such Enterprise License, which must be signed by AVEVA and also countersigned by Customer. Among other things, the signed written authorization will describe the duration, scope and license fees for the Enterprise License and Customer's Software support commitments under the Enterprise License.
- 5.11 Site License. If the Software has been licensed on a Site License basis, then the following additional terms and conditions shall apply:
- (a) If the Software is licensed on a Site License basis, the duration, scope and pricing of such Site License will be determined on a case-by-case basis. A Site License is granted upon Customer's receipt of a written authorization for such Site License, which must be signed by AVEVA and also countersigned by Customer. Among other things, the signed written authorization will describe the duration, scope and license fees for the Site License and Customer's Software support commitments under the Site License.
- 5.12 Facility License. If the Software has been licensed to a specified Facility, then the following additional terms and conditions shall apply:
- (a) If Customer's license of the Software is restricted to a specified Facility, then the Software may only be installed at the Facility specified in the applicable Transaction Document.
- 5.13 Educational license. If Customer wishes to acquire the Software for educational purpose only, please contact AVEVA's organization or its authorized reseller serving Customer country. In case the Software is identified as an academic or educational software, Customer must be a qualified educational user to be entitled to use said Software; if Customer is not a qualified educational user, Customer has no rights under this Agreement with respect to said academic or educational software. To determine whether Customer is a qualified educational user, please contact AVEVA's organization or its authorized reseller serving Customer country. Once licensed to use said academic or educational Software, Customer may not sell or transfer any such Software or sub-license Customer license right to use the same to anyone except to another person who is qualified by AVEVA as a qualified educational user. As used in this Agreement, the term 'person' shall be broadly interpreted to include without limitation any individual, any corporation, company or other legal entity.
- 5.14 License for Field-Test / Beta Version. If Customer has acquired a license for field-test / beta version purpose, Customer acknowledges and agrees that the Software licensed to Customer under such license is a pre-release software only. As such, said Software may not be fully functional and Customer assumes the entire risk as to the results and performance of the Software. Customer may install and use the Software licensed to Customer under a field-test / beta version license on computers in Customer's workplace for the only purpose of testing said Software before it is commercialized by AVEVA and potentially identifying any errors, bugs or defects in said Software. Customer also agrees to use reasonable efforts to provide feedback to AVEVA regarding Customer use of the Software, including a prompt report to AVEVA of errors, bugs or defects that Customer might find. Therefore, notwithstanding anything in this Agreement to the contrary, Customer may not distribute or transfer any applications

Customer creates with the Software licensed to Customer under a field-test/beta version license. AVEVA will not update the Software licensed to Customer under a field-test/beta version license, nor will AVEVA provide support in relation thereto. The Software licensed to Customer under a field-test/beta version license may contain code that will, after a certain time period, deactivate the Software and render it unusable. Although said Software may attempt to warn Customer of the time frame in which it will be disabled, Customer acknowledges and agrees that said Software may be deactivated or rendered unusable with or without warning. Upon such deactivation, this Agreement will be considered terminated. Prior to deactivation of the Software Product, Customer may contact AVEVA to convert Customer field-test/beta version license on the Software to a standard license governed by this Agreement on the final release of said Software if and when available from AVEVA by paying to AVEVA the applicable license fee (if any) and obtaining from AVEVA the relevant activation code(s).

6. TOOLKIT SOFTWARE.

6.1 If the Software includes any Toolkit Software, such Toolkit Software may include limited portions in source code (human-readable) form for which modifications are not supported by AVEVA.

7. TRANSFER OF SOFTWARE.

The below terms and conditions shall apply to (i) InTouch HMI, (ii) System Platform, (iii) Development Studio, (iv) Historian, (v) Historian Clients, (vi) Operations, (vii) Performance, (viii) Batch Management, (ix) IntelaTrac Mobile Operator Rounds, (x) Intelligence, (xi) QI Analyst, (xii) SmartGlance Mobile Reports, (xiii) InTouch Edge HMI, (xiv) Recipe Management, (xv) Workflow Management, and (xvi) Quality:

Software Transfer. Customer may transfer the Software from one designated Device or Application Name Space to another for application development or for operation of the Software provided that: (i) the Software (including the License Files) is completely removed from the initial designated Device or Application Name Space prior to installing the Software on the second computer or Application Name Space, and (ii) the end-user identification information (including the identification and location of the designated Device) contained within the License File remains accurate. The Software may only be used on one Device or Application Name Space at a time, and the component parts of the Software may not be separated for use on more than one Device.

8. MULTIPLEXING AND POOLING.

The below terms and conditions shall apply to (i) System Platform, (ii) Historian, (iii) QI Analyst, (iv) Enterprise Integration, (v) Quality, (vi) Recipe Management, (vii) Workflow Management, (viii) Batch Management, (ix) Intelligence, (x) Operations, (xi) Performance; and (xii) OASyS:

Multiplexing and Pooling. Use of software or hardware that reduces the number of users or Seats directly or indirectly accessing or utilizing Server Software (sometimes called “multiplexing” or “pooling” software or hardware) does not reduce the number of CALs or Seats required. The required number of CALs or Seats would equal the number of distinct inputs to the multiplexing or pooling software or hardware “front end”.

9. ADDITIONAL SOFTWARE SPECIFIC TERMS AND CONDITIONS.

The below terms and conditions shall apply to the below listed Software in addition to (and not in lieu of) any other terms and conditions set forth in the Agreement. If any terms in this Software Schedule that are not included in this Section 9 conflict with the terms contained in this Section 9, then the conflicting terms in this Section 9 shall govern.

9.1 WORKFLOW MANAGEMENT.

- (a) Additional Use Restrictions.
 - (i) Workflow Management Developer Edition Software Use and Restrictions.
 - a. The Workflow Management Developer Edition license:
 - i. is limited to one (1) developer;
 - ii. is limited to a specified number of Client Connections;
 - iii. is strictly limited to non-production purposes; and
 - iv. allows only a specific number of concurrent active workflows to be executed. The Software stops accepting more workflows if concurrency limits are exceeded - i.e. if more than the allowed number of workflows are either waiting or running.
 - (ii) Workflow Management Professional and Enterprise Software Use and Restrictions.
 - a. For Core Based Server Licenses:
 - i. an unlimited number of Client Connections can access the Server;
 - ii. use of the Software is limited by the number of Cores as defined in the authorization key, Transaction Document or License File or as identified in the operating system; and
 - iii. the Software must not be used as a hosting solution for third parties.
- (b) Software License.
 - (i) If Customer has licensed the Software on a Per Server/Core basis the Software may be installed on a single Server that will be the designated Device under the Agreement. The services of the Server Software are considered to be accessed or utilized when there is a direct or indirect connection between a Device and the Server Software running on the Server (regardless whether the Server Software is accessed or utilized using the Device Software, Third-Party Products or an application developed by Customer).
 - (ii) Alternatively, if access to the Server Software is licensed for use on a Client Connection basis, then each Client Connection can access a single instance of the services of the Server from any Device.

9.2 INTOUCH HMI.

- (a) Software License.
 - (i) Equipment Count License Grant. Certain components of the Software are licensed according to the Equipment count. The maximum amount of Equipment that Customer may capture information about according to established functional requirements is limited to the number of Equipment specified for the Software licensed hereunder as specified in the License File, Transaction Document, or License Certificate.
- (b) License Restrictions.
 - (i) Remote Desktop Server Edition Technology. If Customer uses Remote Desktop Server Edition or other technology to run two or more instances (copies) of the same Software on a single Server or Device then a separate license must be purchased for each instance (copy) of the Software being run.
 - (ii) Runtime Restriction. If the Software licensed under the Agreement is for “**Runtime**” use, then it may only be used to run a specific application, and may not be used either (a) to develop, and/or (b) in conjunction with, new applications, databases, or tables other than those contained in the specific application to which the “**Runtime**” license relates. This provision does not prohibit Customer from using a tool to run queries or reports from existing tables, or from using a separately licensed development environment to configure or extend such specific application.

9.3 SYSTEM PLATFORM.

- (a) License Restrictions.
 - (i) System Platform Software. A System Platform Software license is limited by (i) the size of the Application Name Space, which in turn is limited by the I/O Count, or the Site Count, as

- defined in the License File, License Certificate or Transaction Document, and (ii) the number of separate Devices which the System Platform can be physically distributed across, which in turn is limited by the Platform Count as defined in the License File, License Certificate or Transaction Document, and (iii) the number of TS Sessions which the System Platform can be physically distributed across, which in turn is limited by the TS Session Count as defined in the License Certificate or Transaction Document. Additionally, (i) the System Platform license contains Software which can be installed on multiple computers, (ii) the Software contained in the license cannot be separated or upgraded separately from the System Platform license and (iii) the license must be used within a single Application Name Space.
- (ii) Operations (formerly SuiteVoyager™). If the Software licensed by Customer under the Agreement includes a license for Software known as Operations, then the Customer's access to Operations is limited by Per Server Use. Under Per Server Use then Customer must purchase an Operations CAL which limits the number of Devices and/or Users accessing or utilizing the services of Operations. If Customer's use of Operations requires the access of any database, then Customer must purchase the required access license for each database accessed.
 - (iii) Galaxy Repository (GR) Access. The use of the Galaxy Repository (GR) Access interface and associated DLLs by a Non-AVEVA client application is restricted to the physical device where the Development Studio License is located.

9.4 DEVELOPMENT STUDIO.

(a) License Restrictions.

- (i) Toolkit Software Restrictions and Rights. A Toolkit Software license provides the ability to extend Software within the limits of the specific Toolkit License as defined in the License Certificate. Subject to the then-current AVEVA licensing requirements, Customer may further distribute the application created with the Toolkit Software with other third-party users of Software provided that Customer: (i) includes AVEVA's copyright and other proprietary rights notices; (ii) indemnifies, holds harmless and defends AVEVA and its suppliers from and against any claims or lawsuits, including attorney's fees, that arise or result from the use or distribution of the I/O servers, Extension Tools, SDK Tools or Customer's products; (iii) agrees that all such items are provided "AS IS" without warranty of any kind, and (iv) otherwise comply with the terms and limitations of the Agreement.
- (ii) Remote Desktop Server Edition Technology. If Customer uses Remote Desktop Server Edition or other technology to run two or more instances (copies) of the same Software on a single Server or Device then a separate license must be purchased for each instance (copy) of the Software being run.
- (iii) Runtime Restriction. If the Software licensed hereunder is for "Runtime" use, then it may only be used to run a specific application, and may not be used either (a) to develop, and/or (b) in conjunction with, new applications, databases, or tables other than those contained in the specific application to which the "Runtime" license relates. This provision does not prohibit Customer from using a tool to run queries or reports from existing tables, or from using a separately licensed development environment to configure or extend such specific application.
- (iv) Development Studio and Advanced Development Studio Use and Restrictions. Development Studio includes application development tools that are used to develop applications for deployment of the System Platform Software, InTouch HMI and other AVEVA runtime applications as well as tools to configure Historian. Development Studio Software is licensed solely on a Per Device basis. The Development Studio Software may only be used to develop a specific application, and may not be used to run the application in a production environment except for Historian, InTouch Runtime, ActiveFactory, and I/O Servers, if located on the same device as the Development License.

9.5 HISTORIAN.

(a) License Restrictions.

- (i) Information Server (formerly SuiteVoyager™). If the Software licensed by Customer hereunder includes a license for Software known as Information Server, then the Customer's access to Information Server is limited by Per Server Use. Under Per Server Use the Customer must purchase an Information Server CAL which limits the number of Devices and/or Users accessing or utilizing the services of Information Server. If Customer's use of Information Server requires the access of any database, Customer must purchase the required access license for each database accessed.

9.6 HISTORIAN CLIENTS.

- (a) Information Server (formerly SuiteVoyager™). If the Software licensed by Customer hereunder includes a license for Software known as Information Server, then the Customer's access to Information Server is limited by Per Server Use. Under Per Server Use the Customer must purchase an Information Server CAL which limits the number of Devices and/or Users accessing or utilizing the services of Information Server. If Customer's use of Information Server requires the access of any database, Customer must purchase the required access license for each database accessed.

9.7 OPERATIONS.

- (a) License Restrictions.
 - (i) Equipment Count License Grant. Certain components of the Software are licensed according to the Equipment count. The maximum amount of Equipment that Customer may capture information about according to established functional requirements is limited to the number of Equipment specified for the Software licensed under the Agreement as specified in the License File, Transaction Document or License Certificate.

9.8 PERFORMANCE.

- (a) Software License.
 - (i) Equipment Count License Grant. Certain components of the Software are licensed according to the Equipment count. The maximum amount of Equipment that Customer may capture information about according to established functional requirements is limited to the number of Equipment specified for the Software licensed under the Agreement as specified in the License File, Transaction Document or License Certificate.

9.9 INTELLIGENCE.

- (a) License Restrictions.
 - (i) Intelligence Server. If the Software licensed by Customer hereunder includes a license for Software known as Intelligence Server, then the Customer's access to Intelligence Server is limited by Per Server Use. Under Per Server Use, the Customer must purchase an Intelligence Server CAL which limits the number of Devices and/or Users accessing or utilizing the services of Intelligence Server. If Customer's use of Intelligence Server requires the access of any database, Customer must purchase the required access license for each database accessed.
 - (ii) OEM Version of Tableau Software. Intelligence Clients are provided using an OEM version of Tableau software. Intelligence Clients allow connecting to a set of data sources as enabled in the Intelligence Analytics Client only if those data sources are configured in the Intelligence Server software. Standalone use of this OEM version of Tableau software to connect data sources that are not configured in Intelligence Server is strictly prohibited and is a breach of the Agreement.
 - (iii) Licensing Modes. Customer cannot mix the licensing modes for Dashboard Users on the same License Certificate. Access to the Server may either be "**Per Named User**", or "**Per Server Use**", or "**Per Core Use**".

9.10 ENTERPRISE INTEGRATION.

- (a) License Restrictions.

- (i) Use Restrictions. Customer may transfer the Software from one designated Device to another for application development or for operation of the Software provided that: (i) the Software (including the License Files) is completely removed from the initial designated Device prior to installing the Software on the second Device, and (ii) the end-user identification information (including the identification and location of the designated Device) contained within the License File remains accurate. Enterprise Integration Server is comprised of components in the form of services and .DLLs. Those components may be distributed across more than one Device but only one instance of each component can be installed and active on a Device per Enterprise Integration Server license.

9.11 QUALITY.

(a) Software License.

- (b) The following provisions apply only if Customer obtained the Software from the Wind River Marketplace:

- (i) **"Wind River Marketplace"** means the Wind River Marketplace web application operated by or for Wind River Systems, Inc. ("**Wind River**"), where Wind River may post and distribute partner products to Wind River Marketplace users.

- (ii) Subject to Customer's compliance with its obligations under the Agreement, AVEVA grants to Customer a royalty free, personal, non-transferable, non-exclusive, non-sublicensable, worldwide, limited demonstration license to perform, display, and use the Software and any content contained in, accessed by, or transmitted through the Software for Customer's internal business use, solely to evaluate the features, functionality and performance of the Software and solely with the Wind River product VxWorks 7.

- (iii) The following disclaimers on behalf of AVEVA and Wind River are in addition to and not in lieu of the disclaimers set forth in the Agreement:

- a. THE SOFTWARE IS PROVIDED AS-IS WITHOUT WARRANTIES OF ANY KIND AND AVEVA, FOR ITSELF AND ON BEHALF OF WIND RIVER, HEREBY DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, AND NON-INFRINGEMENT. NO ORAL OR WRITTEN INFORMATION OR ADVICE GIVEN BY AVEVA, ITS DEALERS, DISTRIBUTORS, OR AGENTS OR EMPLOYEES WILL CREATE A WARRANTY OR IN ANY WAY INCREASE THE SCOPE OF THE WARRANTIES GIVEN IN THE AGREEMENT, AND CUSTOMER MAY NOT RELY ON ANY SUCH INFORMATION OR ADVICE. NEITHER AVEVA NOR WIND RIVER WARRANTS THAT THE SOFTWARE WILL MEET CUSTOMER'S REQUIREMENTS, THAT THE SOFTWARE WILL OPERATE IN COMBINATIONS OTHER THAN AS SPECIFIED IN THE DOCUMENTATION, THAT THE

OPERATION OF THE SOFTWARE WILL BE UNINTERRUPTED OR ERROR-FREE OR THAT THE SOFTWARE WILL PROTECT AGAINST ALL POSSIBLE SECURITY THREATS, INTERNET THREATS, OR OTHER THREATS OR INTERRUPTIONS.

- (iv) The following limitation of liability on behalf of AVEVA and Wind River is in addition to and not in lieu of the limitation of liability set forth in the Agreement:

9.14 CITECT HISTORIAN.

(a) Software License.

- (i) Unless terminated in accordance with the Agreement, Customer's license for CITECT HISTORIAN Software is a perpetual license. Such license allows Customer to install and use CITECT HISTORIAN Software solely on the System described in the Transaction Document for Customer's ordinary internal business, under the terms and conditions herein.

- (iii) Customer may need to activate the Software through the use of internet or telephone; toll charges may apply.
- (iv) There are technological measures in this Software that are designed to prevent unlicensed or illegal use of the Software. Customer agree that AVEVA may use those measures and Customer agree to follow any requirements regarding such technological measures.
- (v) Unless Customer has acquired a Corporate License as set forth in Section 10.14(f) below, floating, concurrent or shared use of the Software is not permitted under this Agreement and Customer's use of the Software that is licensed to Customer under this Agreement shall vary as Customer will have acquired a Single User License or a Multiple User License.
- (vi) A Single User License can only be installed and used on a single personal computer at any given time and is prohibited from being installed and used on a network or any other multi-station computer system that allows simultaneous use by several users.
- (vii) A Multiple User License allows concurrent and unrestricted number of installations of the corresponding Software on several personal computers, on a network or any other multi-station computer system, but a Multiple User License restricts the number of users to the number defined for the corresponding purchased and registered Software. Where Customer would use a Multiple User License via a network or any other multi-station computer system, it shall be Customer's responsibility to put in place such means as necessary to guarantee that all restrictions set forth in this Agreement are followed.
- (viii) Additionally, the use of the Software is intended only for use with a content owned by the user, a public domain content or a properly licensed content. Customer may require a patent, copyright, or other license from a third party to create, copy, download, record or save content files for use with the Software or to serve or distribute such files to be used with the Software. Customer agrees that Customer shall only use the Software and its documentation in a manner that complies with all applicable laws in the jurisdictions in which Customer use or are downloading the Software and its documentation, including, but not limited to, applicable restrictions concerning copyright and other intellectual property rights. Customer may not use the Software in an attempt to, or in conjunction with any device, program or service designed to, circumvent technological measures employed to control access to, or the rights in, a content file or other work protected by the copyright laws of any jurisdiction.

- (ix) Customer shall be responsible for the proper installation of the Software as per the terms of its documentation and Customer shall bear all expenses and costs in connection therewith. AVEVA provides no maintenance or support services in connection with the Software, other than those which may be defined by way of separate agreement.

- (b) License Restrictions.
 - (i) Not for Resale Software. If the Software is labelled “Not For Resale”, then, notwithstanding other sections of this Agreement, Customer’s use of the Software is limited to use for demonstration, test or evaluation purposes and Customer may not resell, or otherwise transfer for value, said Software.

- (c) Authorized Applications.
 - (i) For the purpose of the Agreement, ‘Authorized Applications’ shall mean those applications that Customer creates, develops or generates by using the Software (including its programming tool if any) or by loading in such applications, with or without modification, a library of the Software, provided that Customer has validly licensed said Software from AVEVA or its authorized resellers. Authorized Applications include, without this being limitative, applicable runtime engines for the Software and applicable driver interface that Customer may provide to Customer’s own customers as part of or together with Customer’s Authorized Applications.
 - (ii) Notwithstanding the foregoing, any application created with a Pre-Production Release or for demonstration, test or evaluation purposes, is not an Authorized Application.
 - (iii) Customer may distribute or otherwise make available Authorized Applications provided Customer complies with each of the requirements set forth below:
 - a. Customer includes Customer’s own valid copyright notice on Customer’s Authorized Applications;
 - b. Customer does not remove or obscure any notice of copyright, trademark, patent or other industrial or intellectual property rights that appear on the Software Product as delivered to Customer or as may appear concerning the Software in the Authorized Application’s About Box and in any applicable written documentation distributed with each copy of Customer’s Authorized Applications;
 - c. Customer does not use AVEVA’s name, logo or trademarks to market or identify Customer’s Authorized Applications unless Customer is party to a separate agreement with AVEVA giving Customer such rights or AVEVA has given Customer its express prior written consent to do so;
 - d. Customer indemnifies, holds harmless, and defends AVEVA from and against any claims (including based on warranty) or lawsuits, including attorneys’ fees, that arise or result from the use or distribution of Customer’s Authorized Applications, provided however that Customer’s contractual obligation of indemnification shall not extend to the percentage of the claimant’s damages or injuries or the settlement amount attributable to AVEVA’s fault or to strict liability imposed upon AVEVA as a matter of law in any country (on either federal or state level, when applicable); the foregoing obligation of indemnification shall survive the expiry or termination of the Agreement;
 - e. Customer does not permit further redistribution of the Software (including Customer’s modifications thereto) by third parties except as part of Customer’s Authorized Applications;
 - f. Customer concludes Customer’s own license agreement to grant the right to use Customer’s Authorized Applications to any third party; and
 - g. Customer otherwise comply with the terms of the Agreement.

- (d) Embedding the Software. Customer may embed or otherwise integrate the Software within Customer’s own product or a third-party product, provided that:
 - (i) Customer has validly licensed the Software from AVEVA or its authorized resellers;

- (ii) Customer performs such embedding or integration in a manner that complies with the Software documentation to the extent said documentation contains any instructions or recommendations in relation therewith; and
 - (iii) Customer complies - with respect to Customer's own products and said Third Party-Products - with each of the same requirements as set forth hereinabove concerning Authorized Applications; said foregoing requirements shall apply mutatis mutandis to any of Customer's own products or Third-Party Products within which Customer embeds or otherwise integrates the Software, and any reference made to the term 'Authorized Application' in the foregoing provision shall be deemed for the purpose of this present section to be a reference to Customer's own products or Third-Party Products embedding or otherwise integrating the Software.
 - (iv) Where Software is embedded or otherwise integrated by Customer within Customer's own product or a third-party product, Customer then ceases all use of the Software, whether direct, indirect, concurrent or otherwise.
- (e) License Key.
- (i) Customer acknowledges that, if the Software is protected by a lock, the Software cannot be used except in conjunction with a valid software key code or a hardware key (the 'License Key') provided to Customer or to another person on Customer behalf by or on behalf of AVEVA or its authorised reseller.
 - (ii) Customer agrees that such License Key is to be used solely with the Software for which it is provided, unless otherwise indicated in writing by AVEVA. While AVEVA may, in its sole discretion, provide Customer with the License Key prior to receipt from Customer of the applicable license fees, Customer will remain obligated to pay such fees to AVEVA.
 - (iii) Risk in the media on which the Software and License Key are provided passes to Customer upon delivery. In the event that the Software or License Key is lost, stolen or destroyed after delivery, AVEVA will not be required to replace the Software or License Key.
 - (iv) In the event of a lost, stolen or destroyed License Key, and if AVEVA agrees to replace the License Key, prior to AVEVA providing a replacement License Key to Customer, Customer must:
 - a. provide a statutory declaration signed by Customer to AVEVA that confirms Customer has permanently lost or destroyed the Software or License Key that is to be replaced and that Customer has not retained the Software or License Key in any form nor included it with any other software or system owned, operated or controlled by Customer; and
 - b. comply with any other direction of AVEVA related to the replacement.
 - (v) If the License Key is faulty, and provided that such fault is attributable to an act or omission by AVEVA, AVEVA will replace the License Key if the faulty License Key is returned within the warranty period specified by AVEVA. Subject to Section 10 (Warranties) of the Software Addendum, if the faulty License Key is not returned within said warranty period, AVEVA will replace the License Key upon payment by Customer of an administration fee to be advised by AVEVA at the time.
